

Roster Building for National Events

(All information is subject to change)

This guide can be used by both clubs and teams when building rosters for National League national events. There are two separate sets of instructions in this document, so be sure to read the ones that apply to your access to GotSport, whether that is as a club administrator or team official. Please be sure to read your respective competition Rules and the Operating Procedures for key information regarding rosters. When registering for the competition, each team would have listed an individual from their club that would be the go-to contact for any GotSport/Rostering related questions a team manager or coach may have. Ideally, this will be a club administrator that the team can go to with questions. It is that club administrator's responsibility to help teams in their club with any GotSport related questions they may have. If you have any questions after going through this process, please email tgraze@usyouthsoccer.org.

Any roster modifications for an event must be made 14 DAYS PRIOR to your first game at that event. Rosters will be frozen until the completion of that individual event.

If you are a **CLUB ADMINISTRATOR** with access to the club in GotSport, please begin at the **Club Administrator Steps**.

If you are a club administrator but don't have access to the club in GotSport, please email tgraze@usyouthsoccer.org with the following before proceeding: Club Name, State Association, Club Website, First and Last Name, and Email Address

If you are a **TEAM COACH or MANAGER** without club administrative access in GotSport, please follow the **Team Coach/Manager Steps**.

19. **Team Managers and Coaches Adding Club Pass Players:** Clubs and teams no longer have the ability to change a player from Primary to Club Pass. If you have any players that need to be labeled as Club Pass, how you add them to your event roster will depend on if your club/state uses GotSport for player registration or not.

- A) If your club/state **DOES** use GotSport, then you will use the "Add Club Pass Player" button on the event roster to get the player added. They will appear as Secondary status on the event roster. Once the players are added to the event roster, please send an email to tgraze@usyouthsoccer.org with your team name, and the players that are assigned to the team as Secondary that need to be switched to Club Pass along with those players' DOBs and Jersey Numbers. If the "Add Club Pass Player" button does not allow you to add the player, please contact your state association to check and make sure the player is properly registered in the system.
- B) If your club/state **DOES NOT** use GotSport, then add the players as primary to the roster using the same steps above in step 7. Once players are added, please send an email to tgraze@usyouthsoccer.org with your team name, and the players that are assigned to the team as Primary that need to be switched to Club Pass along with those players' DOBs and Jersey Numbers.
